

# PACE

## Central Catholic Partners for Academic and Community Enrichment

*“Fostering stewardship by supporting the Central Catholic community academically, socially and spiritually.”*

The new PACE organization replaces the Academic Booster Club and Parents Guild, while taking up the most important tasks of each.

The intention of PACE is to:

- Continue the emphasis on academic enrichment for students and support for teachers
- Promote a sense of community for all parents and “stakeholders” of Central Catholic
- Promote an overall sense of stewardship of our school and our school’s resources

We need everyone on board, sharing time, talent, and treasure, in support of our mission.

Committees include:

- **Hospitality:** Providing meals for occasional teacher lunches; food for judges of academic fairs and contests, etc.
- **Welcoming:** Reaching out to current CC parents with information on PACE and its needs; mentoring new CC parents with information and assistance THEY need
- **Academics:** Assisting teachers with activities such as Science Fair, History Fair, and other classroom activities
- **Fundraising Events:** Organizing the annual Fish Fry, Flower Sale, or other fundraising activities
- **Awards Approval:** Evaluating teacher requests for PACE funds throughout the school year, in support of educational enhancement activities and teacher support
